

Agenda 11/7

- First meeting

- Talk about our pitch and what TAs thought about it

- Best ways to contact TAs (probably email)

- What are expectations during meetings

- Questions

 - Is the scope of our project too narrow or broad?

 - Do any of the TAs have experience working with map API/email scraping

 - any suggestions/warnings

 - gems for parsing emails

 - how to keep the pins coordinates on the map

 - What would be a good MVP

 - what their expectations are

 - Concept critique? what does that mean
